2<sup>nd</sup> Announcement

Geneva, 20 March 2008

**The Second GEOSS Asia-Pacific Symposium:  
The role of Earth observations in tackling climate change**

Dear Colleague,

Following the announcement of the 2<sup>nd</sup> GEOSS Asia-Pacific Symposium on the role of Earth observations in tackling climate change, which was distributed on 4 February 2008, I am now pleased to share with you additional information on the event, the venue and accommodation.

You will find attached the Agenda of the Symposium, including the plenary session and the four parallel sessions.

In case you would need further information, please contact:

The 2<sup>nd</sup> GEOSS AP Symposium Secretariat  
c/o Remote Sensing Technology Center of Japan (RESTEC)  
Roppongi First Bldg.  
12F 1-9-9 Roppongi  
Minato-ku, Tokyo 106-0032 Japan  
Tel: +81-3-5561-4528  
Fax: +81-3-5574-8515  
E-mail: [geoss-ap@restec.or.jp](mailto:geoss-ap@restec.or.jp)

We are looking forward to seeing you in Tokyo.

Yours sincerely,

José Achache  
Secretariat Director
